

BLUE RIBBON

Blue Ribbon Test Gauges for Water & Gas

BRGT100 Gas Test

Model BRGT

Combined utility gas pressure test gauge and valve body. Before gas is run into a system, it is charged with air. The gauge then indicates whether or not there is a leak present within the line while the valve body serves strictly as a bleed port. Series units support the reliable, cost-effective testing of gas line pressures within both commercial and residential applications.

BRGTB Bell Housing Gas Test Gauges

Model BRGTB

The Model BRGTB Series from Blue Ribbon Corporation is a combined utility gas pressure test gauge with bell housing body. Before gas is run into the system, it is charged with air. The gauge then indicates whether or not there is a leak present within the line. The bell housing body serves strictly as a bleed port. Series units support the reliable, cost-effective testing of gas line pressures within both commercial and residential applications.

BRWT300 Water Test

Model BRWT300

2" dial utility water pressure test gauge adapts directly to a water tap to accurately and cost-effectively measure line and system pressures. The 3/4" female hose swivel fits all standard hose connections.

BR551DNS-404AZ
0-5 PSI

Model BR551D

Stainless steel low pressure
4" capsule style
gas test gauges with red set hand.
Ranges 0-5 PSI and 0-15 PSI.

BR551DNS-404B
0-15 PSI

Specific Use: Municipality/Local/Regional gas testing
